(A) that are equal to the product of:

- (i) the member's salary at the time the member actually makes a contribution for the service credit;**
- (ii) a percentage rate, as determined by the actuary of the fund, based on the age of the member at the time the member makes a contribution for service credit and computed to result in a contribution amount that approximates the actuarial present value of the benefit attributable to the service credit purchased; and**
- (iii) the number of years of state quasi-governmental entity service the member intends to purchase; and**

(B) for any accrued interest, at a rate determined by the actuary of the fund, for the period from the member's initial membership in the fund to the date payment is made by the member.

(4) The member must provide verification of the service with the state quasi-governmental entity in a manner prescribed by the fund.

(c) State quasi-governmental entity service that qualifies a member for retirement in a private retirement system or a federal retirement system may not be granted under this section.

(d) A member who:

- (1) terminates employment before satisfying the eligibility requirements necessary to receive a monthly allowance; or**
- (2) receives a monthly allowance for the same service from another tax supported public employee retirement plan other than under the federal Social Security Act;**

may withdraw the personal contributions made under the contributory plan plus accumulated interest after submitting to the fund a properly completed application for a refund.

(e) The following apply to the purchase of service credit under this section:

- (1) The board may allow a member to make periodic payments of the contributions required for the purchase of the service credit. The board shall determine the length of the period during which the payments must be made.**
- (2) The board may deny an application for the purchase of service credit if the purchase would exceed the limitations under Section 415 of the Internal Revenue Code.**

SECTION 2. IC 36-8-8-18 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JULY 1, 2007]: Sec. 18. (a) Except as provided in subsection (b), if a unit becomes a participant in the 1977 fund, credit for prior service by police officers (including prior service as a full-time, fully paid town marshal or full-time, fully paid deputy town marshal by a police officer employed by a metropolitan board of police commissioners) or by firefighters before the date of participation may be given by the PERF board only if:

- (1) the unit contributes to the 1977 fund the amount necessary to amortize prior service liability over a period of not more than forty (40) years, the amount and period to be determined by the PERF board; and
- (2) the police officers or firefighters pay, either in a lump sum or in a series of payments determined by the PERF board, the amount that they would have contributed if they had been members of the 1977 fund during their prior service.

If the requirements of subdivisions (1) and (2) are not met, a fund member is entitled to credit only for years of service after the date of participation.

(b) If a unit becomes a participant in the 1977 fund under section 3(c) of this chapter, or if a firefighter becomes a member of the 1977 fund under section 7(g) of this chapter, credit for prior service before the date of participation or membership shall be given by the PERF board as follows:

- (1) For a member who will accrue twenty (20) years of service credit in the 1977 fund by the time the member reaches the earliest retirement age under the fund at the time of the member's date of participation in the 1977 fund, the member will be given credit in the 1977 fund for one-third (1/3) of the member's years of participation in PERF as a police officer, a firefighter, or an emergency medical technician.
- (2) For a member who will not accrue twenty (20) years of service credit in the 1977 fund by the time the member reaches the earliest retirement age under the fund at the time of the member's date of participation in the 1977 fund, such prior service shall be given only if:
 - (A) The unit contributes to the 1977 fund the amount necessary to fund prior service liability amortized over a period of not more than ten (10) years. The amount of contributions must be based on the actual salary earned by a first class firefighter at the time the unit becomes a participant

in the 1977 fund, or the firefighter becomes a member of the 1977 fund, or if no such salary designation exists, the actual salary earned by the firefighter. ~~However, credit for prior service is limited to the amount necessary to allow the firefighter to accrue twenty (20) years of service credit in the 1977 fund by the time the firefighter reaches the earliest retirement age under the 1977 fund at the time of the member's date of participation in the 1977 fund.~~ The limit on credit for prior service does not apply if the firefighter was a member of the 1937 fund or 1977 fund whose participation was terminated due to the creation of a new fire protection district under IC 36-8-11-5 and who subsequently became a member of the 1977 fund. A firefighter who was a member of or reentered the 1937 fund or 1977 fund whose participation was terminated due to the creation of a new fire protection district under IC 36-8-11-5 is entitled to full credit for prior service in an amount equal to the firefighter's years of service before becoming a member of or reentering the 1977 fund. Service may only be credited for time as a full-time, fully paid firefighter or as an emergency medical technician under section 7(g) of this chapter.

(B) The amount the firefighter would have contributed if the firefighter had been a member of the 1977 fund during the firefighter's prior service must be fully paid and must be based on the firefighter's actual salary earned during that period before service can be credited under this section.

(C) Any amortization schedule for contributions paid under clause (A) and contributions to be paid under clause (B) must include interest at a rate determined by the PERF board.

(3) If, at the time a unit entered the 1977 fund, the unit contributed the amount required by subdivision (2) so that a fund member received the maximum prior service credit allowed by subdivision (2) and, at a later date, the earliest retirement age was lowered, the unit may contribute to the 1977 fund on the fund member's behalf an additional amount that is determined in the same manner as under subdivision (2) with respect to the additional prior service, if any, available as a result of the lower retirement age. If the unit pays the additional amount described in this subdivision in accordance with the requirements of subdivision (2), the fund member shall receive the additional service credit necessary for the fund member to retire at the lower earliest retirement age.

(c) This subsection applies to a unit that:

- (1) becomes a participant in the 1977 fund under section 3(c) of this chapter; and
- (2) is a fire protection district created under IC 36-8-11 that includes a township or a municipality that had a 1937 fund.

A firefighter who continues uninterrupted service with a unit covered by this subsection and who participated in the township or municipality 1937 fund is entitled to receive service credit for such service in the 1977 fund. However, credit for such service is limited to the amount accrued by the firefighter in the 1937 fund or the amount necessary to allow the firefighter to accrue twenty (20) years of service credit in the 1977 fund by the time the firefighter becomes fifty-five (55) years of age, whichever is less.

(d) The unit shall contribute into the 1977 fund the amount necessary to fund the amount of past service determined in accordance with subsection (c), amortized over a period not to exceed ten (10) years with interest at a rate determined by the PERF board.

(e) If the township or municipality has accumulated money in its 1937 fund, any amount accumulated that exceeds the present value of all projected future benefits from the 1937 plan shall be paid by the township or municipality to the unit for the sole purpose of making the contributions determined in subsection (d).

(f) To the extent permitted by the Internal Revenue Code and the applicable regulations, the 1977 fund may accept, on behalf of a fund member who is purchasing permissive service credit under this chapter, a rollover of a distribution from any of the following:

- (1) A qualified plan described in Section 401(a) or Section 403(a) of the Internal Revenue Code.
- (2) An annuity contract or account described in Section 403(b) of the Internal Revenue Code.

- (4) An individual retirement account or annuity described in Section 408(a) or Section 408(b) of the Internal Revenue Code.

(g) To the extent permitted by the Internal Revenue Code and the applicable regulations, the 1977 fund may accept, on behalf of a fund member who is purchasing permissive service credit under this chapter, a trustee to trustee transfer from any of the following:

- (1) An annuity contract or account described in Section 403(b) of the Internal Revenue Code.

 (A) commencing on:
 (i) the member's DROP retirement date; **or**
(ii) the date the member retires because of a disability as provided under section 16.5(d) of this chapter; and

(e) **Except as provided under section 16.5(d) of this chapter**, the retirement benefits for a member who exits the DROP for any reason other than retirement on the member's DROP retirement date are calculated under the provisions of the applicable fund as if the member had never entered the DROP.

STEP THREE: Multiply the percentage determined under STEP ONE by the sum determined under STEP TWO.

STEP FOUR: Add the product determined under STEP THREE to the sum determined under STEP TWO.

(b) A cost of living adjustment to the monthly benefit of a member of the 1977 fund is determined under the provisions of IC 36-8-8, as applied after:

- (1) the member's DROP retirement date; **or**
